At Dunkirk Memorial House, we share something special

Rediscover the unique sense of camaraderie and belonging that you felt as part of the Armed Forces community.

Situated in the rural county of Somerset, Dunkirk Memorial House is close to the Quantock Hills, Exmoor, and several beaches, and not far from the bustling town of Taunton. We cater to the needs of ex-service members and their families, bringing together those who already share a common bond.

Welcome home

Dunkirk Memorial House Care Home is a place where ex-servicemen and women and their spouses can feel entirely at home. Our residents' shared experiences in the Armed Forces create a truly unique and supportive community, where everyone looks out for one another.

We have 86 en-suite bedrooms as well as a bar, library, and chapel plus beautiful grounds featuring a rose garden. We're pleased to be able to provide an expert level of care and operate a unique dedicated Dementia Mews, catering to the emotional needs of up to 30 guests.

My team and I take great pride in the fact that our residents feel so at home at Dunkirk Memorial House, and we're privileged to look after those who have given so much to our country.

Where comfort meets companionship

Make the most of every day in Dunkirk Memorial House. Relax in your spacious en-suite bedroom or the comfortable lounge.

Enjoy time with friends and family in the bar lounge, or take a stroll through the rose memorial garden and grounds. Some residents attend weekly services in our beautiful chapel, followed by a glass of sherry in the lounge.

Social interaction and community play a big part in the day-to-day life of our home. Our dedicated Wellbeing Team can help you pursue old and new hobbies with our wide range of activities including games, gardening club, flower arranging, gin tasting, crafts, entertainment from the Military Wives and so much more.

A very special Dementia Mews

Our Dementia Mews offers residents a very different level of care focusing on their emotional needs (rather than physical ones) to stimulate the memory and make it feel like home.

The mews is colourful rather than clinical and is a busy environment providing objects to interact with. It's built using various memory prompts, like old-fashioned sideboards and tins, and Victorian-style interiors.

"Such a warm and welcoming environment from the moment you come through the front door. Nothing is too much trouble and the staff are friendly and approachable."

Fiona, daughter of Dunkirk Memorial House resident

“I regularly visit (my father) and always unannounced, so see first-hand what amazing care looks like in practice. Quite simply, 10 out of 10 does not reflect how amazing the home is.”

Martyn, son of Dunkirk Memorial House resident
