At Halsey House, we share something special

Rediscover the unique sense of camaraderie and belonging that you felt as part of the Armed Forces community. Situated on the stunning Norfolk coast, Halsey House is a beautiful historic building, which was used as a hospital in the First and Second World Wars. We cater to the needs of ex-service members and their families bringing together those who already share a common bond.

Welcome home

Halsey House Care Home is a place where ex-servicemen and women and their spouses can feel completely at home. Our residents' shared experiences in the Armed Forces create a truly unique and supportive community, where everyone looks out for one another.

We have 89 en suite bedrooms as well as comfortable lounges offering a homely feel, a licensed bar and gardens overlooking the local cricket pitch. We're pleased to be able to provide an expert level of care, and operate a specialist dementia care wing, catering for up to 16 people.

We take great pride in the fact that our residents feel so at home at Halsey House, and we're privileged to look after those who have given so much to our country.
